WASHINGTON

The Bee  
GREAT ADVERTISING MEDIUM.  
**TRY IT!**  
Do you want reliable news? Do you want a  
fearless race advocate? Do you want colored  
trade? Good and advertise in THE BEE!

VOL. XVI.

WASHINGTON, D. C., SATURDAY, AUGUST 7, 1897.

No. 10

HON. CHARLES F. SCOTT. See 5th page.

HON. GEORGE A. MYERS. See 5th page.

Ohio will go republican.  
Mark Hanna is a political apostle.

Be what you are and nothing more.

What will the harvest be?

Those who think that Maryland will go democratic will be disappointed.

Young McCary in the recorder's office will be called back to duty.

Fight your own battles it is better for you all.

The disappointed politicians will go fishing.

Capt. J. W. Lyons will be postmaster at Augusta, Ga.

The white lady clerks will not resign either.

There should be more dignity at the bar.

Officer Flynn's call is new and unique.

Never say yes to an impossibility.

Read The BEE and be happy.

Never show your ignorance.

If you don't know a thing be silent.

All this world is a stage.

If you should become disappointed keep it to yourself.

If you have a friend keep him.

Be what nature made you and nothing more.

It ought to be Judge Hewlett.

It will be and don't you forget it.

We often get what we intend for others.

He laughs best who laughs last.

Senator Platt is the greatest politician in this country.

Make yourself useful.

If you are a man show it.

Read The BEE if you want a great race advocate.

This is a wicked world.

Do you want a great race advocate?

Read The BEE and tell your neighbor to do likewise.

If you want to keep a true friend be true to him.

Never trust a man who shows his teeth.

He is a knave and a blackleg.

It will not be long before his sins will find him out.

It is the honest man who succeeds.

Monkeys grin and so do some men.

A trickster will brake his own neck.

An honest man will do honest deeds.

The people want Col. M. M. Parker appointed Marshall.

C. Maurice Smith is the people's choice for United States District Attorney.

A strong man often proves to be an honest man.

A weak man is a coward.

The editor of the Cleveland Gazette is still kicking.

The world is a great institution.

It is the knave who is often defeated.

It is the false boss who is overthrown.

Some people cannot be honest.

A new man is coming.

The biggest man in Ohio has been taken care of.

Who is the smallest man in Ohio?

Geo. A. Myers is Ohio's colored boss.

Look out for The BEE, the greatest race journal in the country.

Lovely Zion had a jubilee last week.

Bruce is the coming man, notwithstanding his critics.

Who is the negro Moses in this country?

Read The BEE and see yourself as others see you.

It is the man who thinks he knows it all, who is often the fool.

## STILL CLAMORING.

The clamor still continues. Wail upon wail go up to the sky which seems dark only because the tears bedim the eye and obscure the bow of promise. The prophecies of yesterday have gone up in flatus to be resolved to native air, but new prophets and false political deities loom up out of the atmosphere and point to the woeful predicament of the colored politician and predict that things are growing from bad to worse. In the mean time, President McKinley is regaling himself at his pleasant resort, Mark Hanna is enjoying pleasant visions as he glides, in his splendid yacht, over the beautiful blue placid waters of the northern lakes and hears no sound of the clashing and discordant office-seekers, while the great leaders of the party are jubilant over the large crops, the new gold find, the ability of the farmer to pay off his mortgages and the evidences that the "advanced agent of prosperity" is actually in our midst with his cornucopia full, ready to stimulate american activities and advance human happiness.

In the silent gloom of their laboratories, surrounded by broken relics of silverism and free trade, our colored alchemists are filling their phials of wrath and are going through the incantations which they hope will conjure destruction to the republican party and emphasized their mighty power. They are moving up and down the earth seeking to sow the seed of discord and distraction and are declaring that it is no use waiting any longer to hold a convention to condemn the ingratitude and insincerity of the republican party and that now is the time to form a "balance of power party" whose cardinal principle shall be "plunder or bolt." But with an equanimity which is an intensely aggravating to our prophets as it is commendable in themselves, the masses of colored voters are patiently waiting, believing that when the proper time arrives, the faithful allies of the party will receive the reward which they so richly deserve. They are not hasty nor recalcitrant and can see in the movement of the times evidences of friendship and reward. It is to this class of sober, hopeful and patient voters that we may look, for steadfastness of purpose and concert of action, should there be continued unjust discrimination toward them and their race by the administration. Nor will they bolt as a consequence. They will stand firmly in the ranks and if necessary, look about for one in the party whose character and promises will be the basis upon which support will be given. Those who are clamoring and growling are principally those who have expected office and who have been disappointed or have become impatient. It is but human that they should feel sore. But there are thousands who are not asking for office and do not desire it, whose interests are to be considered and who will not be led off by shuffling demagogues or dangerous pessimists. Wisdom suggests patience and faith in the promises and policy of Mr. McKinley and we believe the rank and file will pursue that line, let kickers

do as they may. We are no apologists for any party that does not perform its full duty; but we are in favor of pursuing a line of conduct which will reflect credit upon our intelligence and bring support from our friends.

## ANTI CIVIL SERVICE LEAGUE.

Elsewhere in this paper will be seen a circular issued by the Anti Civil Service League of this city. The BEE must disagree with the circular for the reason that President McKinley is only carrying out the law passed by Congress. If this league wants the civil service league repealed, should appeal to Congress and condemn that body if it refuses and not the President. Congress is the body that created the law and not the President. President McKinley will undoubtedly do whatever Congress wishes, we believe. Although the Civil Service Commission is democratic, it is to be commended, because it has never as yet failed to attack and remove the violators of the civil service law, even under the last democratic administration.

## THE PRESIDENT'S RECENT ORDER.

There seems to be a great deal of dissatisfaction among the republican politicians, with the recent civil service order, promulgated by the President. The politicians are at a lost what to do and have gone so far as to organize an anti-civil service league. Whether such an order was a stroke of political diplomacy remains to be seen. The great question is, who is to blame, Congress or the President?

Congress made the law and the President is doing no more than carrying the law into effect. If Congress was not sincere when it made the law, it should shoulder the responsibility. What is the good of a President after Congress has made a law, if he refuses to carry it into effect? We understand that Congressmen and Senators are very much displeased. Why should they be? They have it in their power to repeal the law and should do so if it is distasteful.

## THEY WANT BRUCE.

From The Leavenworth Herald.

The editor of The New York Age says that "The Washington Bee and Colored America, and the Indianapolis Freeman, The Leavenworth Herald and other papers insist with all the lung power they possess that ex-Senator B. K. Bruce shall be registered of the treasury." The editor of The Age might have gone farther and said that nine-tenths of the colored newspapers of the country insist with all the lung power they possess that ex-Senator B. K. Bruce shall be registered of the treasury.

Why of course we are all for Bruce. We want him because he has been tried and not found wanting. We want him because he represents the best type of Afro-American citizenship. We want him for the same reason that white men want to see their most tried and trusted leaders at the helm.

In another column will be seen a biographical sketch of Judge Scott of the Police Court, who is no doubt one of the most popular men on the bench. Judge Scott is a man possessing keen legal intellect. If he should succeed Judge Kimball, there will be a great jubilee in this city.

## NO MORE FIFTY CENT ASSESSMENTS.

The flim-flam leader who shot off his mouth at a meeting of the Blaine Invincible Club is not the only assessor on the beach. The laboring men will not be compelled to pay 50 cents to join the club before they are permitted to work. The Commissioners will not tolerate it and the next time it is done the flim-flamers will lose his fifty dollar job.

THE BEE is not in the habit of retreating.

It is an aphorism and a true one, "he laughs best who laughs last."

## OUR HIGH SCHOOL.

It is about time, for Trustees Bruce and Shadd, who have charge of our High School, to make some changes in the personal and system of that school. The necessary reforms that are needed is to allow as many pupils to graduate from the High School and enter the Normal who may pass the examination. It is about time to cease the importation of teachers to this city and placing them in our High and Normal schools. What encouragement is there for our home girls? We do not charge this against either Dr. Shadd or Ex-Senator Bruce, because we firmly believe that they are in favor of home talent.

There is no reason that can be given why all the high school graduates should not be allowed to enter the Normal school. It is not expected that all the Normal school graduates will get schools, if they are permitted to graduate, but they will have certificates as graduates from the Normal Public school of Washington which will enable them to go anywhere in this country and obtain a school. They will have had a normal school training which will be a great help to them.

Our pupils in the high school are suffering for want of good teachers. The people demand that Trustees Bruce and Shadd make a change in that school. Our schools seem to be asylums for people from other cities to come here to study professions. We can name several teachers who are studying professions at the expense of the pupils. Is this to be continued? We know our trustees are not aware that a great deal of time is lost by these teachers. How can they give the necessary teaching to our schools? The best interest of our schools demands that there be immediate changes.

There are some people who can not stand the calcium light.

Give some negroes a little authority and they will lose their heads.

## ALL WANT COL. PARKER. THEIR CHOICE FOR MARSHAL. IN FAVOR OF SUFFRAGE.

## THE PEOPLE DISGUSTED.

The McKinley and Hobart Club, at a well-attended meeting in Wagon's Hall on Sixth street, last Wednesday night, discussed civil service, District appointments, and the question of self government for the District. President Hensley occupied the chair. After a number of short addresses upon matters in which the Republican Party is interested the matter of District appointments was taken up, when a motion prevailed that a committee of five be appointed to wait upon President McKinley and inform him that the unanimous choice of the McKinley and Hobart Club for the United States Marshal for the District of Columbia is Myron M. Parker. The committee to which that duty is assigned is composed of Messrs Odell, Lee, Crosswhite, Weed and Garrison.

With reference to civil service, a committee of three was appointed to consider and make suggestions regarding a civil service circular now in preparation, the text of which is not yet ready for the public.

Benjamin F. Oliphant introduced the following resolutions, which were unanimously adopted:

Resolved, That a committee of fifteen be appointed to draw up a set of resolutions to be presented to the Senate and House of Representatives of the United States Congress asking them to give to the city and suburbs the right of suffrage and representation in the House of Representatives;

Resolved, That the Senate and House of Representatives be respectfully asked to call an election to be held in the twenty-two election districts at as early a date as possible that all who are entitled to vote shall decide on that day whether they shall have suffrage and representation in Congress or not, and that said committee shall ask all good Republican clubs of the District to send committees to unite with our committee as soon as possible, that they may present the matter to Congress at the session commencing December next.

The people have become disgusted with affairs and now they want suffrage.

## A FREE SCHOLARSHIP.

PROF. J. T. LAYTON'S SUCCESS. HONORING OUR TOWNSMAN.

To whom it may concern:—Prof. J. T. Layton of Washington, D. C., has been a pupil of mine at the summer session of the Music Training School. He has proven himself so exceptionally capable, that as a partial recognition of his mastery of the work, I have granted to him a free scholarship for 1898 session. This being something that I never before have done. No further comment. My part is necessary to show in what light I consider his abilities.

Respectfully,  
Frederick Zuchtman.

## WHAT I SAW AND HEARD.

There is a great deal of dissatisfaction among the republican voters in this country. The attack of Editor Fortune upon the administration has caused a great division among the colored voters.

There seem to be general dissatisfaction. The old soldiers are greatly dissatisfied and if something is not done at once there will be trouble in the camp.

The factors in politics are anxious about Bruce. On the street corners and in hotels you can hear expressions of dissatisfaction.

The Maryland colored republicans are kicking and have decided to support Senator Gorman. Almost every colored republican in the state will bolt the republican ticket.

The appointment of ex-State Senator John P. Green seems to have given entire satisfaction among his friends. The report that Mr. Gary was not favorable to this appointment is untrue.

It looks very much like the District republicans are in the soup and it a question of a little time and they will be some where else.

From present indications it looks as if there will not be enough colored republicans in 1900 to make an office seeker Thursday, to tell a tale of our republican success.

There are many republicans in this city who have expressed their dissatisfaction at the manner in which they are being treated. The original McKinley man is now ashamed to own that he ever voted for the young Napoleon. The democrats in office say that the republicans must be patient and wait until Bryan is elected. The colored democrats who are protected by the civil service are now laughing at the colored republicans whose places they are now filling.

The Ohio campaign is getting warm. There is a great deal of dissatisfaction and discontent. The editor of The Cleveland Gazette is kicking against the State ticket and there is no telling how matters are going. Senator Hanna is making a desperate fight and from what ex-State Senator Green says, he is bound to win.

Secretary of State Sherman does not take much stock in negroes. He has not forgotten how they sold him out at Chicago. He was at one time their special champion.

The talk now is, why is it that no colored men are recommended for appointment by the Mississippi delegation?

This state of affairs didn't exist when Lynch had control of the State. Mr. Lynch is a thorough race man and today he is the strongest man in the state of Mississippi.

Senator Hanna is not the man some people think he is. He is a thorough party man and one who can lead the republicans of Ohio.

Postmaster General Gary is anticipating appointing some colored men to responsible positions.

Commissioner J. W. Ross, has gone on his vacation to be gone about three weeks. Mr. Ross is in need of rest.

Our High School is in need of reorganization. Trustees Bruce and Shadd should see to it that home teachers are appointed and such teachers are not anticipating taking a profession. Our children suffer while the teachers are attending to something else.—Rounder.

The Indianapolis Journal prints this interesting story concerning ex-President Harrison's forthcoming book. General Harrison has just completed the revision of his articles which have appeared in The Ladies' Home Journal, making extended notes and additions to them. There is a little story in connection with both articles and publication. When the arrangement for the articles was made with Gen. Harrison by Edward W. Bok, editor of The Ladies' Home Journal, the General was paid for them, with the understanding that when they were put into book form the magazine was to share the royalties accruing therefrom. Mr. Bok, however, of his own accord, generously released General Harrison from paying him any royalty, for the reason, as he states, that by the publication of the articles by Gen. Harrison the subscription list of his magazine was enlarged many thousands.

The profits to The Ladies' Home Journal were more than the publishers anticipated, and in view of this Mr. Bok asks nothing further. General Harrison placed the disposition of his book in Mr. Bok's hands. The best offer came to the editor from the Scribners, and to them Mr. Bok gave the book for his distinguished contributor. General Harrison's revision of the book has just been completed, and the volume will appear in the autumn.

The country will not be satisfied until recognition is given.

## KICKING AGAINST THE TICKET.

OHIO'S COLORED EDITOR NOT PLEASED WITH THE REPUBLICAN TICKET.

From the Cleveland Gazette.

BUSHNELL A LOAD, PERKINS SAID. Toledo, O.—With regard to Bushnell's hint, while the state convention was being held here, that he might refuse the nomination if Kurtz should be turned down from the chairmanship of the state republican executive committee, Mr. Perkins, Senator Hanna's private secretary, said while here: "That would be the best thing that could happen to the ticket. Bushnell is a heavy weight to the ticket since the Urbana riot. Every colored society in the state is adopting resolutions against the governor, and if he is nominated he will lose thousands of votes and endanger the entire ticket. It would be the best thing that could happen to the party if Bushnell would decline a renomination." More truth than poetry in this.

## SUGAR TRUST PROFITS.

John De Witt Warner Makes Some Estimates and Scores the Trust.

Ex-Congressman John De Witt Warner is one of the best posted men in this country on sugar tariffs. When in congress he carried the house for free sugar. In a recently published statement he estimates the Aldrich schedule at from 35 cents to \$1.14 on every 100 pounds of refined sugar.

Without attempting to give his argument as to each of the ways in which the trust would be protected we give his summary of trust profits as follows: Specific differential (plus)..... \$ 125.00 40 Thirty-five per cent. ad valorem differential..... \$ 140 0 21 Countervailing duty, say..... \$ 140 0 21 Additional by substitution of 75 per cent. ad valorem for specific duties in low grades..... \$ 0 00 0 18 Total..... \$ 305 01 14

In the vast majority of cases, however, the actual result is between 45 and 60 cents per 100 pounds net protection to the trust, and it is impracticable so to combine circumstances as to bring this below 40 cents or above 60 cents for any considerable amount.

As an item of tariff taxation the sugar schedule is ideal from the protectionist standpoint. Sugar is the one article used by poor and rich to an equal extent, and a tax on which therefore falls most heavily on the poor in proportion to their ability to pay it. Its production and distribution are controlled by a concern which is at once the greatest of our mean trusts and the meanest of our great ones.

It is consistent therefore that on this one article there should be levied more than one-third of our total tariff taxation, and that our people should be burdened by a tax of more than \$90,000,000 that realizes less than \$70,000,000 for the treasury and more than \$20,000,000 for the sugar refining combine, while the same combine is enabled to net an additional \$10,000,000 by the opportunity given to it to import at present duty rates raw sugars from which it can make refined to be sold by it under the enhanced price assured it by the proposed Aldrich schedule. The net "protection" of from 45 to 60 cents per 100 pounds given the trust on its refining process alone should be considered as sufficient when we remember that the labor cost of this process is slightly less than 6 1/2 cents per 100 pounds—that is to say, Senator Aldrich, in behalf of American labor, proposes unduly to tax wage-earners in order to give the trust from five to seven times as much "protection" as it pays for all the labor involved.

Next to the wage-earner the farmer is dear to the protectionist heart, and he is therefore equally favored by the sugar schedule. Of late years throughout the eastern and middle and many of the central states the competition of the far west has driven our farmers from grain raising into fruit culture. This has now so developed that except for exports of canned goods—jams, preserves, etc.—in which we ought to supply the world, the business of fruit raising has, in its turn, become almost profitless. And poverty is now assured to those who are dependent upon fruit culture by the proposed tax of two cents a pound on sugar. This increases by from 50 to 75 per cent. the article which would make up from 40 to 75 per cent. of the total weight of the jams, etc., the export of which might insure living prices for the surplus fruits, but which is now practically prohibited.

And this is "a government of the people, by the people and for the people." Who are the "people?"

"A License to Steal." That must have been embarrassing information to the United States senate which Statistician Carroll D. Wright furnished that body last week concerning the labor cost of lumber in this country and in Canada. His figures showed that, while the average wages in Canadian sawmills are \$1.41 and \$1.71 per day here, the average labor cost of 1,000 feet of lumber is \$1.28 in Canada and only 64 cents here. The decreased cost of production in this country is attributed to the superior machinery used. Of course, the figures prove the free trade contention that the rate of wages paid does not indicate the cost of production—that low wages are very often, more expensive to employers, and vice versa. But these hard facts furnished by an officer of the government will not dissuade the lumber barons from their purpose to get a tariff on Canadian lumber so that they can the more effectually rob American consumers. Protectionists care nothing for facts. What they want is a license to steal.—National Single Taxer.

Blessed Are the Poor! Representatives of the crockery interest who have gone to Washington to protest against the new tariff complain that the proposed schedules discriminate against goods used by the poor and in favor of those purchased by the rich. Blessed are the poor, but they need expect little help from a protective tariff.—Philadelphia Record.

## INTERESTS OF THE COLORED RACE.

BOOKER T. WASHINGTON WRITES OF NEW BEDFORD'S SEMI-CENTENNIAL.

From the Evening Standard.

New Bedford, Mass. Aug. 6th 1897.—The Bureau of Publicity and Promotion of New Bedford's Semi-centennial celebration Oct. 10-14, has received the following letter:

Booker T. Washington, Principal, Tuskegee Normal and Industrial Institute.

(Incorporated) For the Training of Colored Youth, Men and Women.

Tuskegee, Ala., July 27th, 1897.

Mr. Harry W. Butler, New Bedford, Mass.

My Dear Sir:—I am very glad to reply to your recent communication, and have great interest in the semi-centennial which New Bedford is preparing to celebrate for several reasons. In the first place, I owe my education very largely to a citizen of New Bedford, the late Mr. S. Griffith Morgan, who paid my tuition for me while I was being educated at Hampton, working out my expenses so far as my board was concerned; and then it is present the home of Mr. William Carnegie, who distinguished himself at Fort Wagner and brought the greatest credit upon the Negro race; and lastly, it was the place that gave our great Frederick Douglass a home and a start in the world. The latter reason is especially interesting to us as a race, and it ought to create great interest among all the colored people in this country in your celebration. Any movement that keeps the early history and struggles of the Negro race in the minds of the younger generation is most valuable to the whole country. I shall be greatly disappointed if the colored people, especially throughout the north, do not show their interest in this celebration in every way possible.

Yours truly,  
Booker T. Washington.

## ANTI-CIVIL SERVICE LEAGUE.

Washington, D. C. Brother Republicans.—Wm. McKinley, President of the United States, by the grace of God and the efforts of the workers and zealous friends of the Republican party, having succeeded to the highest honors of this nation largely through his work and sacrifices and having in payment of his obligations to us, at the command of our and his political enemies, debarred us from any reward or participation in the Government, as far as the right to hold office under his administration is concerned, we earnestly and sincerely and thoroughly obligate ourselves to devote our efforts to the destruction of the Civil Service law now on the Statutes of the United States, as repugnant to justice and the obligations assumed toward us as Republicans and equal American citizens by the leaders of our party, who have shamelessly betrayed into the hands of our enemies after a hard-won victory, and deprived us of any prospect of recognition from our own administration, and this in return for favors earnestly sought at our hands.

This being the case, we voluntarily pledge our sacred honor (unless the Civil Service law is modified or repealed) to advance by every means in our power the interests of Wm. J. Bryan, simply on the condition that he earnestly and honestly and thoroughly root out from the political system the rotten Chinese idea now known as Civil Service Reform!

Let every Republican club in the United States that believes in justice, honesty in politics, and the right of Republicans to enter the public service, free from the dictation of Democrats, and who hate political treachery and ingratitude, join us in refusing to vote for any Republican for public office until the three Democratic Civil Service Commissioners now in command of the patronage of our party are removed from office and the cohorts of Grover Cleveland, now firmly entrenched in the public service all over our country are replaced by honest and capable Republicans.

If we are to have no part in the councils of our party except to do the voting and to pass while Democrats and Mugwumps enjoy all the honors and emoluments, that is a condition of political bondage we repudiate, now and forever, and if united, we are strong enough to bring into power a party honest enough to protect its friends to its open and avowed lifelong enemies after election.

You would be free to show your manhood and your sympathy for your fellow Republicans by something more effective than sullen acquiescence in the treachery of our present leaders. File your club's protest with your Congressman or Senator; if he is against us or indifferent, defeat him—you can do it.

Demand that while the Civil Service law is on the statutes that the President himself live up to the law and remove the two Democratic and one Mugwump Commissioner, and appoint as the law demands one Democrat and two members of the dominant party.

We give the Republican party solemn warning that we have had enough of the methods of Grover Cleveland, and hereafter we will vote against any Republican not pledged to do his utmost to retire the cohorts of Grover Cleveland now securely entrenched in the Government offices all over our country.

Vote, work and agitate against, and so far as it is possible to do so, defeat at the polls every candidate not pledged to the destruction of this latest office-holding Trust—Civil Service Reform—Anti-Civil Service League.

If you are with us please notice in THE BEE and oblige F. A. Cogswell.

Pres. 213 44 st. n. w.

McLean's attempt to catch the colored vote is not only ridiculous, but an insult to the intelligence of the colored people.—Cleveland Leader.

Not much danger of McLean or Bushnell's catching the "colored vote" or insulting the "colored people's" intelligence, the way things are going. We did not know that McLean was trying to "catch" them. No one has had the temerity to accuse Bushnell of doing anything of the kind since the Urbana lynching.—Cleveland Gazette.

## HON. GEO. A. MYERS OF CLEVELAND.

MEMBER OF THE STATE EXECUTIVE COMMITTEE. BRIEF SKETCH OF A PROMINENT POLITICAL LEADER AND SUCCESSFUL BUSINESS MAN.

George A. Myers was born in Baltimore Md., on March 25th 1859, of Isaac and Emma V. Myers, being the eldest of the children, after the death of his mother, who died in June 1869, he was sent to Providence R. I. where he attended the public schools, living with Rev. J. H. W. Burley (now deceased) from Providence he went to Lincoln University, Chester Co., Pa. where he entered the Preparatory Dept. Being too young to take the collegiate course, he was sent to Washington, D. C. where he attended the Bowen school under Miss Briggs and the John F. Cook school under Miss Emma V. Brown. Upon the second marriage of his father Isaac Myers to Miss Sarah E. Deaver, he returned to Baltimore and entered the public schools, and he was one of the first to gain admission to the colored grammar school given to the colored children in Baltimore. After going through the grammar school and being unable to gain admission to the Baltimore city college by reason of his color, he returned to Washington and entered the employ of the venerable Thomas James to learn the trade of a "house and sign painter," the business not agreeing with his health, he returned to Baltimore and learned the trade of a barber, much against his father's will, who desired to enter him at Cornell College. In 1879 young Myers came to Cleveland and entered the employ of Mr. J. E. Benson at the Weddell House Barber Shop, where he worked steady for nine years, as foreman in Sept. 1888 Myers opened the "Hollenden Hotel Barber Shop" and through wise and judicious management, has made it not only one of the largest, but best equipped barber shops in the United States and second to none giving employment to eighteen hands etc. and, incidentally, furnishing support to about fifty persons.

George A. Myers like his "noble scion" is a born politician and organizer and from his advent in Cleveland has been a factor in city, county and state politics. He has stood always ready to assist, never asking price, except as a delegate to some convention, or something purely honorary in its nature. It is an undeniable fact that he has secured more recognition for his race than any other man in northern Ohio and perhaps in the state. He considers the success of his party and the welfare of his people his greatest reward.

George A. Myers first came into national prominence when he was elected an alternate to the Minneapolis National Republican Convention (through the enforced absence of Col. Louis Black, the delegate, Myers acted as a delegate and represented the 21st Ohio Congressional District) and he it was who saved the Sherman McKinley contingent from defeat in their selection of the National Committee-man from Ohio. His vote it was that elected Wm. M. Hahn as (the recently appointed U. S. Marshal for the District of Columbia) as committee-man at that time. So honorable was he, so true to all his promises that he earned the lasting good will of those under whose banner he fought and the respect of those to whom he was opposed.

He was elected as one of the two Delegates-at-Large to represent Cuyahoga Co. at the Zanesville State Convention (June 1895) that nominated Gen. A. S. Bushnell for Governor of Ohio. It was a great honor, and he bore it with the becoming modesty that has been so instrumental in assisting him to reach his present high status in politics.

"When Hon. M. A. Hanna sought for men to go to St. Louis, in whose hands the interests of Maj. McKinley would be safe, he chose Bishop Arnett and George A. Myers; and the direction of his interests among our people were almost entirely given into their hands, what they said went, as such men as Hon. James Hill of Miss. Hon. Henry Demas and Hon. J. Madison Vance of La. Hon. Robt. Smalls of S. C. Hon. B. K. Bruce and scores of others can testify." Myers organized the Ohio Colored Delegation, of which he was the Treasurer and Bishop Arnett the chairman, which rendered such yeoman services to Major McKinley at the St. Louis Convention. He was also the Chairman of the Entertainment Committee of the colored delegates at St. Louis and many a foot sore and weary traveler was rejuvenated through the hospitality of this committee. "His work at St. Louis will never be fully known; will perhaps never be justly appreciated by his people, yet Major McKinley came personally to thank him for his efforts in his behalf at St. Louis and inquired what he could do for him to further show his appreciation. Mr. Myers informed him there was no office his desired, nor was there any office within his gift that could tempt him to give up his business. "Myers is no mushroom politician. He is no novice. He is a man of the people and for his people and by common consent is looked upon, today, as the one deserving of the greatest respect and confidence from those who were directly benefitted by the result of the recent (national) election. Had we a few more such as he in Ohio politics we would have less noise, more representation and more appreciable work." Geo. A. Myers is the President of the Western Reserve Club of Cleveland, which attracted national attention by appointing a committee of three (consisting of Rev. W. T. Anderson, Hon. Wm. H. Clifford and Frank Lee) who waited on President McKinley, while he was in Cleveland preparing his inaugural address, and urged upon him the importance of expressing in his inaugural message to congress, disapproval of

the lynchings and outrages perpetrated upon the colored people of the United States. Which assurance he gave them, and the strong and impressive manner he dealt with the subject in his inaugural address. Mr. Myers is also a member of the Republican Shop Club No. 23, and represents that body in the Clubs of Ohio. He is prominent in Masonic circles also a member of the L'Overture Rifles No. 2, and while not a strict church man. He has done much to benefit St. Johns A. M. E. church, and nobly assisted its pastors in their work, from a financial standpoint. He was also one of the assistant secretaries at the Toledo convention which re-nominated Gov. Bushnell and endorsed Hon. M. A. Hanna senator for the short and long term. So well he thought of by his chieftain (M. A. H.) that it was through his personal request that he was elected a member of the State Executive Committee.

In this brief and imperfect sketch, I must not fail to note the fact that, Mr. Myers has a home most elegantly furnished, on one of our delightful residence streets, presided over by a charming wife, where he dispenses genial hospitality, with a lavish hand; this will readily be attested by the many weary pilgrims, of our race, who tarried for a day in Cleveland, enroute to Canton, during the last campaign. It is the opinion of our most thoughtful and efficient republican workers that, in the selection of Mr. Myers the right man has been put in the right place.

Respectfully John P. Greed, Cleveland, O. July 29th 1897.

## HON. CHARLES F. SCOTT.

JUDGE OF THE POLICE COURT, A BRILLIANT RECORD, A TRUE FRIEND AND A GOOD JUDGE. POPULAR WITH THE PEOPLE.

Charles F. Scott, who is now holding Police Court in the absence of Judge Kimball, is of Scotch Irish descent, born in Virginia, his father being a wool grower of the few grades in the county of Brocton owned slaves, but gave them their freedom upon arriving at the age of twenty-one, and added there to a handsome outfit for both males and females. The judge received his early education at Poland Ohio, and subsequently graduated in law, at the university of Albany, N. Y. in the year 1861.

His law school was enlisted in a college company, was chosen 2nd Lieut. and the Gov. Morgan, but owing to the rallying of the entire regiment, the company was not mustered. Later in August of the same year he was by Col. DeForest New York, selected to recruit for the cavalry service, but owing to a severe injury was prevented from being mustered, and after recuperating, returned to his native state, and was later appointed by Gov. Boreman of W. Va. Commissioner of the Board of Enrollment, and served until the close of the war. He was active in the organization of the new state, and in framing laws for the government thereof, as a member of the legislature for eight years. He was for years prosecuting atty., and in 1876, led the fight in the first Congressional District for congress, in favor of re-umpation, against the greenback heresy. Before the war a whig, he early espoused the republican principles, and has advocated the same for thirty odd years. He is an applicant for appointment as permanent Police Judge, at the close of Judge Kimball's term. No man is more popular with the people and members of the bar than Judge Scott. If he should be selected by President McKinley as the successor of Judge Kimball he would give satisfaction to the masses and those who do business in the court. Judge Scott has several commendable traits about him. He is a conscientious judge and one who endeavors to do his duty.

OUR EMANCIPATION.

## HAS IT GONE WRONG?

North Fork, Va., July 30, 1897.

Editor of THE BEE:—The Afro-Americans of Loudoun county Va., are this day trying to celebrate the Emancipation Proclamation. They seem to be ignorant of the fact, that they are doing something very inconsistent, and a part from the custom of all civilized people, in trying to commemorate a great and wonderful event, so far distant from this day and time.

Is it not a fact, that on the 22nd of September 1862 a proclamation was issued by the late President Lincoln, and among other things did he not say: "On the first day of January 1863, all persons held as slaves in any state or designated as part of a state, the people thereof who shall be in rebellion against the United States, shall be declared thenceforth and forever freed." The President also issued a second proclamation freeing all the slaves. There were several states where slavery had existed that were not included in his proclamation.

The friends of freedom were not disposed to let things go in a haphazard way. The 13th amendment to the Constitution was brought before Congress January 6, 1865, and on the 31st of the same month the final vote was taken, was it not? And did it not pass by a vote of 119 to 55 and was it not submitted to the states for ratification? Did not the Secretary of State, December 18, 1865, report to Congress that 27 states, the required two-thirds had voted its ratification, which completed the emancipation of slaves? It can be seen that on September 22, 1862 the freedom of the negro has its birth and completed December 18, 1865. If we are to celebrate the emancipation of slaves it should be done right and at the proper time. The idea of celebrating the 30th day of July is preposterous.

J. R. Hicks, North Fork, Loudoun Co., Va.

## DEAFNESS CANNOT BE CURED.

By local applications as they cannot reach the diseased portion of the ears. There is only one way to cure the deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

## AN ELEPHANT STORY.

Once there was a man who sold produce to a traveling circus. The circus stayed in his town for a week, and as the proprietor could not pay for the produce, he gave a mortgage on the elephant. When he could not get the bill the produce dealer foreclosed on the elephant, and proceeded to lead him home by a rope, whereas the villagers gathered about, and asked him what he was going to do with the elephant, and where he was going to put him. He replied that he should put him in the chicken-coop, and keep him. Now the chicken-coop was pretty big for a chicken-coop, and even compared favorably with the house and barn; but when the elephant stood by its side its proportions assumed a changed aspect, and the elephant wouldn't fit. The elephant strayed about in the yard and ate up produce and every thing else, for a week and then the holder of the newly acquired luxury sent word to the former owner, "Come and get your elephant at once. I have a family to support."

It isn't always such an easy matter to get rid of an elephant; and when you have accommodations for a chicken only, it isn't wise to invite an elephant to dwell with you. And yet we all do this constantly.—From "Elephants That Burden Us," in Demorest's Magazine for August.

THE SIDE

Put your business ahead of  
measure and you will succeed in be-  
g regularly employed.

Olle.—Prejudice and jealousy  
ly enter small minds. Be not  
tarned.

M.—Don't try to reform others,  
when you are doing wrong yourself.  
Salie.—All people are not fools  
ough to think that a mere education  
eats superiority.

There is nothing more unrefined  
than to see a girl chewing gum. Such  
habit is by no means modern. "In  
the time of Vedas the Hindoo maid-  
chewed gum, but they were un-  
telligent and knew no better."

P.—It is useless to try longer to con-  
vince him of your sincerity. I don't  
approve of suicidal events to prove de-  
sion.

I feel sorry for the girl with only one  
dentier. To keep within the good  
pages of one man, a girl admires  
must be many. Men are peculiar be-  
cause they seldom appreciate what they  
get easily.

Kate.—I dislike to see supposed  
teachers of education or refinement  
ng rough language, or associating  
th questionable people.

Attend strictly to your own affairs; if  
at while you are attending to other  
eople some one will be attending to  
ours.

Don't wish for what you know can  
ever be yours because it is a sin.

Never make a proposition when you  
scent the least idea of carrying it out.

A quarrelsome woman makes an un-  
happy home, and an unhappy man will  
certainly seek pleasure on the outside  
he cannot have it at home.

Just why some girls will be foolish  
ough to entertain certain gentlemen  
the heat of the day and when the  
easant hours of evening arrive these  
gentlemen can be seen in compa-  
y with other ladies, is a question of  
egeture. Until young ladies become  
e positive and independent,  
ey ever be slighted by men?

E.—The idea of you, slighting your  
ther or sister for an outsider is  
ard. You had better reflect ere it be  
late.

I don't approve of any one trying to  
e friendly with a person when he is  
own to have a spiteful and mean  
osition. Such people should be  
quietly alone.

Elia.—Matters not how wicked a man  
be he dislike such a woman, and  
he should happen to admire her, it  
only be for a mere pass time  
hen he gets ready to choose his  
de she will be the sedate girl.

Sora.—Because you happen to be  
ish, don't imagine that your dress  
es the place of politeness. A well  
essed woman without good manners  
the one most snubbed.

E.—Don't imagine because you are  
eiving a good salary, you own the  
orld and nobody is living in it but  
yourself.

A jealous person never sees any  
y's merits, matters not how good  
e are, but always their demerits.

When a person becomes sullen or  
ry without a cause, it is oft-times  
sed by jealousy.

When traitors fall out honest people  
all the praise which they deserve.

Anna.—You wanted to know if peo-  
e abused after they are dead. No,  
e worse people are often spoken  
of by their bitterest enemies after  
ey are dead, even if it is in a sarcas-  
ic manner. I once heard a person  
eak of one deceased, with whom he  
ad not been very friendly in this way:  
wonder the Lord didn't take him  
eaven long ago."

Allie.—If you want to know a thing  
try to pick it out of a person; be-  
eek enough and ask for the informa-  
ion you desire.

Elia.—Shirtwaists are still the rage.  
e girl who intends to live in shirt  
suits and separate skirts should have  
e least not less than ten. For after-  
e wear, airy lawn or organdies are  
e favorites.

Hairoline, will make the hair soft  
ed straight 25 per bottle, 205, O st  
W. Also complexion powder and  
eam for sale.

Olle.—Don't let your imagination  
e away from you, or cause you to  
e away. A deep thinker does not  
ertain an imaginary spirit.

We should all strive to cultivate our-  
es in the most possible best man-  
er, by so doing if we do not reach the  
e we aim to reach, we will be  
euch higher than those who merely  
e without striving.

S.E.—It is impolite to whisper in  
company. If what you want to say  
cannot be said aloud you should re-  
eive.

Stylish.—In spite of what nature has  
rovided us with, if the hips and bust  
e not large, it is fashionable to  
eak them so.

Recipe.—A teaspoonfull of lemon  
ice in a cup full of tepid water  
hens and supplies the nails, removes  
e grease and leaves a pretty poli-  
h.

Melted beeswax applied to a clean  
loth makes a good polish for tan  
boots.

Ribbons are lavishly used this sea-  
on. Pretty bows are seen around the  
neck, just above the elbow, around the  
eck, at the waist and a belt of the  
ame with long streamers.

## SECRET ORDERS

Owing to sickness of the Editor of this column it won't be large this week. There is one thing we must bear in mind that is by united efforts—we deserved mutual benefits. In all organizations where there is a lack of harmony, it only becomes a question of time when they break up. It is a matter of impossibility for leaders to please all relative to Sunday meetings, the hour is changed to 3:30 p. m.

Also don't forget to read THE BEE each week. THE BEE is our friend and it has done us considerable good, therefore we must praise the bridge that carries us over—next week we hope to have an interesting column.

## GEMS FROM THE QUARRIES.

The two crack commanderies of K. T. of Chicago gave their annual picnics last month. Godfrey went to Claybourn Park and St. George Mon-on Park. There was large attendance.

The Grand Lodge of Iowa convened at Marshalltown, Iowa. There was a large attendance and much business transacted. The following grand officers were elected:

A. A. Bland, G. M. Jamse Washington, G. M. Geo. L. Suter, S. G. W., T. A. Coleman, J. G. W., E. T. Banks, G. T., W. H. London, G. Secty.

Aug. 2nd.—The Grand H. of R. for Mo. was organized at Jefferson City.

In looking over the Helena Progress of Arkansas—of July, 16th, '97, there appears to be trouble in the O. E. S. certain unscrupulous men traveling under the nom-de-plum of Master-Masons, and members of the O. E. S. have been taking unfair advantage of the female members of the Star, one of their schemes was to keep out of the Star all brethren who were men of gentility for fear that these brethren who might get in and block their game. The sooner such people are exposed the better. The sisters of the Eastern Star of D. C. can rest assured that there will be no unfair advantage taken of them here, because they will run the order to suit themselves and not the men, there will always be several good guardians around to see that things will go all right.

The Grand Lodge of Kentucky Masons met Aug. 3rd, at Bowling.

The corner stone of the St. James church at Lawrence, Mo. The stone was laid on Sunday, by the Western Star No. 1 Masons in the afternoon, July 11th.

In looking over every thing I see nothing wrong in Masons laying stones on Sunday, from the following reason first, a large number of them do worse than laying stones on Sunday and The Odd Fellows lay them 3rd. The Catholics do likewise. 4th. And the church of God follows suit; now if the church sees nothing wrong, why I fail to see the wrong, especially when worse things are done than laying corner stones on Sunday. It is only a question of time, we will all come to it.

Nothing will ruin orders quicker than men who are only there to make trouble. The sooner such parties are located and put out the better for the order. There of four such men who can break up the best regulated order in the world if they are permitted to run things to suit themselves. The chronic kicker is another man that has no place in the order. I never say much, but this ought to be done this way etc., and the man thus kicking knows no more about the matter than a baby, these are points to consider, etc.
